# About MEMCO

We are pleased to announce that 2014 marks our 42nd Anniversary.

For nearly the entire 42 years we have been in business, we have manufactured museum quality labels for all sizes of private and corporate collections.

We offer labels in a variety of materials to suit your particular application. All labels are made in-house at our Massachusetts facility to ensure faster deliveries, exacting quality control and competitive prices.

If you are an Art Dealer or Consultant, we have a **RESELLER PROGRAM** which give generous discounts based on the value of your order.

To learn about this program, please go to [www.memco.net/resell.htm](http://www.memco.net/resell.htm)

Please call us for a sample or to discuss your next labeling requirement.

# Art Label Materials & Mounting Options

---

We offer art labels in several materials to fit any decor and budget. Please see the descriptions below to help you determine which material best suits your requirements.

Please refer to the [PHOTOS SECTION](#) for color photos of our materials.

[TYPE S Metal](#) is our standard art label material, and is used for interior applications only. This metal is available in goldtone and pewertone as well as white. The text and graphics may be black (standard) or in color at no additional cost. Multiple colors may be used for logos, pictures, etc at no additional cost. Black and white or color photos may be reproduced into this metal. Labels may be made in any size up to 11" x 23".

[MP Metal](#) features a clear anodized surface and has an exterior rating of twenty years, making it an excellent choice for any exterior application. This material is available in pewertone with black text and graphics. Braille may be incorporated into MP Metal. Black and white photos may be reproduced into this metal. Labels may be made in any size up to 11" x 18".

[Solid Brass](#) labels have a lacquered black finish with crisply engraved brass lettering. Halftone photos, sketches and logos may be reproduced into this material. This material is intended for interior use. Labels may be made in any size up to 11" x 23".

[Clear Acrylic](#) labels are printed on the backside of the acrylic with black text (standard) or colored text at a slight additional cost. These labels are intended for interior use. Labels may be made in any size up to 11" x 23".

[Plexi-Mates](#) is a precision cut product consisting of two layers of acrylic. The top layer is a clear gloss acrylic that is engraved to produce an etched look. The bottom layer is a gloss black acrylic. Our equipment is so precise that the two layers mate perfectly. The resulting engraved "etched" text has an excellent contrast against the black acrylic, and therefore may be mounted to ANY wall color. Photos may be engraved as well as text. We can custom cut any shape up to 11" x 23".

[Braille Labels](#) are made in your choice of aluminum or Lexan. The aluminum labels are made from a matte finish MP Metal, which are ideal for exterior or interior use. Visual text and graphics such as halftone photographs may be included at no additional cost. The text and graphics would be black on the matte finish pewertone aluminum. Lexan braille labels are for interior use only. Visual text and graphics may be included at no additional cost. The text and graphics may be of unlimited colors. Actual color photos may be used with Lexan braille labels. Aluminum labels may be made in any size up to 11" x 18". Lexan labels may be made in any size up to 11" x 23".

[Natural Stone](#) materials include granite, marble and slate. We can engrave text, logos and photographs into any of these materials for use as stand alone single piece displays or full scale wall and floor murals.

[Mounting Options](#) include adhesive backing or holes and pins. We offer two types of adhesive backing: thin tape for mounting to flat surfaces such as sheetrock and foam tape for mounting to irregular surfaces such as cinderblock. We can also mount the labels to thicker black plastic if the labels are to be mounted to very irregular surfaces such as brick.

# Engraved Glass

Just as with our engraved marble, granite and tile, we have the ability to make extraordinary displays in glass.

We can engrave text, logos and photos with such incredible detail, that our glassworks have been used in museum displays and Mausolleums.

Just some of our glass options are clear, jade and smoked glass. We can transform flat glass, serving dishes and drinkware into presentation awards or artwork labels.

We have many options for glass, so please call to discuss your project and we will be happy to provide you with a price quote.

# Standard Layouts

The layouts shown on the next three pages are our standard layouts and may be used with any typestyle, not just the ones shown in the samples.

Our prices are based on the Standard layouts shown in this catalog. We have the ability to make custom sizes and shapes up to 11" x 23". Labels larger than our Standard Layouts require a special quote.

Any of our labels may be made with or without mounting holes.

We routinely design custom layouts for our clients at no additional cost, so feel free to suggest a layout different than what you see here.

# Payment Terms

---

All new, first time customers have terms of 50% deposit, balance due when the order ships.

Repeat customers without established credit may pay the 50% deposit when the order is placed and have the "balance due" portion invoiced with terms of net 30 days from invoice date. A credit card backup is required for this option. To take advantage of this offer, the customer agrees in writing and authorizes MEMCO to charge their credit card for the "balance due portion" if payment has not been received at MEMCO's office by the 31st day after the invoice date. Should a payment check arrive after the credit card has been charged, the credit card charge will stand and the check will be voided and returned to the customer.

Customers with established credit have terms of 2%/10; net 30 days from invoice date.

## Payment Methods:

We can accept Mastercard, Visa and Company Checks.

## Shipping:

Our normal method of shipping is via UPS ground delivery. Next day, 2nd Day and 3rd day delivery is also available.

Shipping costs are added to the cost of the order.
